

Netsoft Res~Call™

About Netsoft

Operating since 1999, Netsoft is NZ's leading provider of healthcare software solutions including Aged Care, Home Care, Community Nursing, Intellectual Disability and Mental Health Software.

Netsoft also offer Mobile solutions on a smart phone or tablet to ensure that all aspects of your care organisation are covered.

Netsoft cares about its customers and once you sign with Netsoft we have unparalleled levels of support, ensuring that your business will always run smoothly and efficiently.

Res~Call Mobile

Res~Call Mobile brings you point of care technology to assist Nurses, Caregivers and Doctors in delivering quality care. Res~Call Mobile enables you to monitor your residents at the time the care occurs.

Res~Call Mobile allows unparalleled reporting, this ensures that residents receive the highest quality of care, whilst their families receive all the information they need. Caregivers spend less time on paper work and more time caring for their residents. As a result Clinical Managers will have a wealth of information at their fingertips. The real-time monitoring and reporting of care greatly reduces any "health surprises" from occurring.

Everyone benefits when using Res~Call Mobile.

Customer Feedback

"This technology provides instantaneous communication and through advanced reporting I can immediately see what care has been delivered to a specific person or group of people as well as check on the progress of the various caregivers".

Debbie Tunui
– Rosedale Village

"Res~Call is an asset to our business, it provides us with one point to hold all information from Incidents and Accidents to Event Notes, and Room Details. Another huge benefit is becoming a paper free business, having the ability to store all documents in Res call provides us with an efficient office."

Jo Dickson
– Creative Abilities

Netsoft Res~Call™

Return on Investment

With increased efficiency in care and improved administration processes, you will notice a return on your investment within a few months. Efficiencies from the fact there is less paperwork; printing, copying, filling out, collating, recording and storing are all a thing of the past.

About Res~Call

Res~Call will run every aspect of your care organisation from administration to clinical to financial and everything in between.

This includes InterRAI integration, Mobile Care Delivery, Incidents, Benchmarking, Care Plans, MOH reporting and much more, with Res~Call everything is covered.
